

Mr. Sean Byram, Principal Mr. Alan Dawe, Assistant Principal

Dear Parent/Guardian,

Thank you for registering your child with Gaylord Community Schools.

Please provide the following documents to complete the enrollment:

- ORIGINAL BIRTH CERTIFICATE
- PROOF OF RESIDENCY must have parent/guardian name and address indicating residency
 (Ex. driver's license, utility bill, rent/lease agreement, property tax statement, voter's registration, mortgage document, certification from work, etc.)
- Copy of current IMMUNIZATION RECORD
- POWER OF ATTORNEY or GUARDIANSHIP PAPERWORK if student doesn't live with parent
- Latest IEP or 504 PLAN if student receives special education services

Please fill out the following forms:

- **STUDENT INFORMATION RECORD** (Emergency Card)
- REGISTRATION PROOF OF RESIDENCY
- CONSENT FOR DISCLOSURE OF IMMUNIZATION INFORMATION
- STUDENT INFORMATION SHEET
- AFFIRMATION OF PRIOR STUDENT RECORD
- AUTHORIZATION TO RELEASE CONFIDENTIAL INFORMATION (Records Request)
- TRANSPORTATION REGISTRATION FORM (If applicable)
- CONCUSSION AWARENESS ACKNOWLEDGEMENT FORM

These forms are to be filled out if the enrollment takes place after the school year has started:

- STUDENT/PARENT AGREEMENT SIGNATURE PAGE
- DIRECTORY INFORMATION OPT-OUT FORM

Vaccines Required for School Entry in Michigan

school. These laws are the minimum standard for preventing disease outbreaks in group settings. The best way to protect children from serious diseases is to follow the recommended vaccination schedule at cdc.gov/vaccines. When following the recommended schedule Whenever children are in group settings there is a chance for disease to spread. Children must follow vaccine laws in order to attend children are fully protected and any school vaccination requirements are met.

All Kindergarteners and 4-6 year old transfer students

All 7th Graders and 7-18 year old transfer students

4 doses diphtheria and tetanus

Diphtheria, Tetanus, Pertussis (DTP, DTaP, Tdap)

4 doses DTP or DTaP 1 dose must be at or after 4 years of age

or 3 doses if 1st dose given on or after 1 year of age 1 dose Tdap at 11 years of age or older upon entry into 7th grade or higher

4 doses

3 doses if dose 3 was given on at or after 4 years of age

Measles, Mumps, Rubella (MMR)*

Polio

2 doses at or after 12 months of age

Hepatitis B*

Meningococcal
Conjugate
(MenACWY)

1 dose at 11 years of age or older upon entry into 7th grade or higher

Varicella (Chickenpox)*

2 doses at or after 12 months of age or Current lab immunity or History of varicella disease

*If the child has not received these vaccines, documented immunity is required. All doses of vaccines must be valid (correct spacing and ages) for school entry purposes. These rules apply to children who are the above ages upon entry into school. During disease outbreaks, incompletely vaccinated children may be excluded from school. Parents and guardians choosing to decline vaccines must obtain a certified non-medical waiver from a local health department. Read more about waivers at Michigan.gov/Immunize.

The Michigan Department of Health and Human Services will not exclude from participation in, deny benefits of, or discriminate against any individual or group because of race, sex, religion, age, national origin, color, height, weight, marital status, gender identification or expression, sexual orientation, partisan considerations, or a disability or genetic information that is unrelated to the

Consent for Disclosure of Immunization Information to Local and State Health Departments

Immunizations are an important part of keeping our children healthy. Schools and State and Local health departments must monitor immunization levels to ensure that all communities are protected from potentially life-threatening diseases and, if necessary, respond promptly to an emerging public health threat. It is important that disease threats be minimized through the monitoring of students being immunized.

Sharing immunization and personally identifiable information including the students name, Date of Birth, gender, and address with local and state health departments will help to keep your child safe from vaccine preventable diseases. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, requires written parental consent before personally identifiable information from your child's education records is disclosed to the health department. If your child is 18 or over, he or she is an "eligible student" and must provide consent for disclosures of information from his or her education records.

You may withdraw your consent to share the	is information in writing at any time.
I authorize Gaylord Community Schools to re Michigan Department of Health and Human understand this information will be used to i services and to help schools comply with Mic information and limited personally identifial	Services and Local Health Department. I improve the quality and timeliness of immunization chigan Law. This includes any immunization

UNDERSTANDING CONCUSSIONS **Educational Material for Parents and Students**

(Content Meets MDCH Requirements)

Sources: Michigan Department of Community Health, CDC and the National Operating Committee on Standards for Athletic Equipment (NOCSAE), National Athletic Trainers Association

Some Common Symptoms				
Headache	Balance Problems	Sensitivity to Noise	Poor Concentration	Not "Feeling Right"
Pressure in the He	ead Double Vision	Sluggishness	Memory Problems	Feeling Irritable
Nausea/Vomiting	Blurry Vision	Haziness	Confusion	Slow Reaction Time
Dizziness	Sensitivity to Light	Fogginess	"Feeling Down"	Sleep Problems
		Grogginess		

WHAT IS A CONCUSSION?

A concussion is a type of brain injury that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning for a sudden stopping and starting of the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to activity on the day of the injury and not until a health care professional says they are okay to return to activity.

IF YOU SUSPECT A CONCUSSION:

- 1. SEEK MEDICAL ATTENTION RIGHT AWAY-A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don't hide it, report it. Ignoring symptoms and trying to "tough it out" often makes it worse.
- KEEP YOUR STUDENT OUT OF ACTIVITY-Concussions take time to heal. Don't let the student return to activity the day of the injury and not until a health professional says it is okay. A student who returns to activity too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal.
- TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION(S)-Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS:

- Appears dazed or stunned
- Is confused or has trouble with homework or school assignments
- Forgets an instruction

- Can't recall events prior to or after a hit or fall
- Appears fatigued

- Answers questions slowly
 - Loses consciousness (even briefly)

Moves clumsily

Shows mood, behavior or personality changes

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. If a student sustains a bump, blow or jolt to the head or body and the following danger signs are present, immediate medical attention should be sought at the closest emergency department.

- One pupil larger than the other
- Repeated vomiting or nausea
- Becomes increasingly confused or agitated
- Is drowsy and cannot be awakened

- Slurred speech
- Has unusual behavior
- A headache that gets worse

- Weakness, numbness or decreased coordination
- Cannot recognize people or places
- Loses consciousness (even briefly)
- Convulsions or seizures

WHAT SHOULD YOU DO?

If a student reports one or more symptoms of a concussion after receiving a bump, blow or jolt to the head or body, h/she should be immediately removed from activity (this includes but is not limited to, athletics, PE classes, band, dance, aerobics, theatre and choir.) The student should only return to activity with the permission of a health care professional experienced in evaluating concussions. Rest is key during recovery. Exercising or activities that require a lot of concentration (such as studying, working on the computer or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rest breaks, be given extra help and time, and spend less time reading, writing or on a computer or iPad. After a concussion, returning to sports and school is a gradual process and should be monitored by a health care professional. Concussions affect each individual differently. Some may recover quickly and fully while others may have symptoms that last for days, weeks or even months.
